

# Installation Guide

## LUZ® Panel Luminaire Recessed Grid Mount

### Important Safety Instructions

Read and follow these warnings and instructions before installing or maintaining this product.

- **WARNING** – Risk of fire or electric shock. To avoid electrical shock or fixture damage turn off power at the electrical panel prior to installation or maintenance.
- Warranty is void in case of unauthorized modifications and/or improper use. Do not make or alter any open holes in an enclosure of wiring or electrical components during kit installation.
- This product must be installed by a person familiar with the construction and operation of the product and the hazards involved, in accordance with the applicable NEC code.
- Do not install damaged product.
- Save these instructions and refer to them when additions, changes or services to the fixture or system are made.
- Per the NEC, this fixture is non-plenum rated for use in ducts specifically fabricated for environmental air. It is suitable for use above the ceiling in open spaces used for environmental air.

### Tools Needed

- Standard electrical tools
- Screwdrivers – Flat and Phillips

# Installation Guide

## LUZ® Panel Luminaire Recessed Grid Mount
